Dreer's Quarterly Wholesale Price List

JULY—AUGUST, 1903.

BULB DEPARTMENT.—The immense quantities of Bulbs which we handle enable us to supply them at the lowest possible prices. Our sources of supply are the best in this country and abroad, the leading growers of the world having for years supplied us with their **choicest stock**. All prices quoted in this list include duty, packing and delivery to any Express or Freight Line in Philadelphia. Should any reduction in prices be made in our September list, customers who place their orders now will receive the benefit of same. You therefore run no risk by placing your order **now**.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—(See remarks on page 1.)

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS. We are shipping by express lines, to all parts of the country, goods, packed in closed boxes, at a reduction of 20 per cent. from regular rates of merchandise. Prepaid packages of seeds, plants and bulbs are carried to California and all distant points at the rate of 8 cents per pound.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary, and **when sent in any other way, are solely at purchaser's risk**.

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list. Articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable and Flower Seeds, in packets, Bulbs and Plants, 33 1/3 %; Small Tools and Insecticides, 10 %; Lawn Mowers, 5 %.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account will please furnish reference to parties in the trade with whom they have had credit relations, otherwise cash must accompany order.

Remittances should be made by Post-Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

In filling out your order always give **Shipping Directions**, and write **Name and Address** **Distinctly** on each and every order.

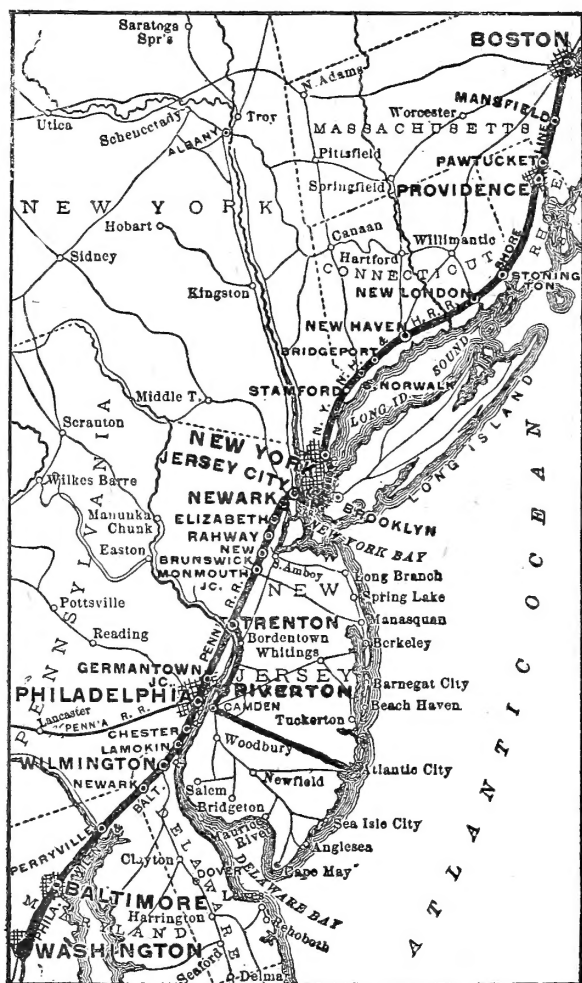

NON-WARRANTY.—We wish it to be distinctly understood that although we continue to take all possible pains to supply only New, Genuine and Unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

An Invitation.

We cordially invite you to visit our Greenhouses and Nurseries at Riverton, N. J., one of the most interesting commercial places in the world. Riverton, as can be seen by the map, is situated on the New Jersey side of the river Delaware, nearly opposite the city of Philadelphia, from which it can be reached by frequent trains in 30 minutes and by boat in 45 minutes. Time tables on application.

Our Water Lily Garden, which is the most extensive in the world, is usually at its best during July and August, and is worth coming a long distance to see.

The now so popular Hardy Perennials are grown in immense quantities, also Cannas, Petunias, etc., etc.

OF SEASONABLE PLANTS FOR FLORISTS

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is, as usual at this season of the year, very complete in a full line of all popular sizes, and the quality is of the same high standard for which our stock is celebrated. **Whenever possible, we solicit a personal inspection of our stock.** We invite you to visit us at any time (see location of Riverton on opposite page).

OUR MEASUREMENT OF PLANTS, where given, as in the case of Araucarias, Palms, etc., etc. means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

BEGONIA GLOIRE DE LORRAINE.

Begonia Gloire de Lorraine.

This beautiful Begonia is undoubtedly the most valuable *Winter Flowering Pot Plant* we have, especially for the holiday season, and the demand is always far in excess of the supply. We are prepared to furnish a fine lot of thrifty young plants from 2-inch pots which can readily be grown into fine specimens in 5 and 6-inch pots by December.

There is absolutely no difficulty in growing this plant between June and February; no special skill is required, and no special facilities need be prepared. You will have no difficulty whatever if you secure good, thrifty young stock, such as we are prepared to supply, and you will find same a paying investment. \$2.00 per doz.; \$15.00 per 100; \$140.00 per 1000.

Browallia Speciosa Major.

A giant-flowered form of the beautiful blue Browallia, flowering continuously summer and winter. May be grown either as a pot or border plant. Its beautiful ultramarine blue color, which is rare in all classes of plants, makes it especially valuable and desirable. 75 cents per dozen; \$6.00 per 100.

New Fancy-Leaved Caladiums.

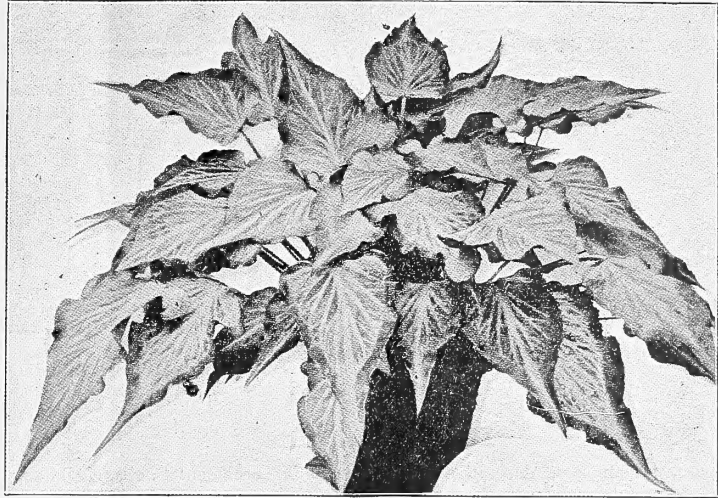

Entirely distinct improvements upon the variety *Albanense* sent out a few years since.

Countess of Warwick. Leaves 6 to 8 inches long by about 5 inches broad, triangularly spear-shaped in outline, but with curved undulated edges. Central portion exquisitely tinted bright rose pink, with broad, clearly-defined veins on a greenish ground. Margin green, with greyish edges. 75 cents each.

Mrs. Oliver Ames. Leaves 10 to 12 inches long by 5 inches in breadth. While young, of a soft cream color, veined and tinged with green; the older leaves are beautifully marked with streak-like and reticulated veins of light green, while the edges are of a deep green. 75 cents each.

L'Ami Schwartz. Triangular foliage, 9 inches long by 5 inches wide, of a dark crimson color, which is vivified by lighter veins, and ornamented by greenish patches near the green-zoned undulated edges. \$1.00 each.

Dreer's Fine Ferns.

VARIETIES OF SPECIAL MERIT.

The New Boston or Sword Fern.

(*Nephrolepis Piersoni*.)

The most important addition to our list of Ferns for many years, and a plant which will supercede that most popular of all decorative plants, the Boston Fern, from which it is supposed to be a sport. The plant possesses the same vigorous growth that is characteristic of the Boston Fern, with long graceful fronds, but with each pinnæ or leaflet subdividing, so as to form a perfect miniature frond. This characteristic of the frond is well shown in our illustration, though it conveys but a slight idea of the grace and beauty of the feathery plume-like fronds, which can only be compared to the graceful ostrich plume. The fronds grow broad and heavy, and measure, when fully developed, at least 6 inches across, increasing in beauty as they develop. On account of the weight of the foliage the plant assumes an exceedingly graceful appearance, and, owing to the fulness of the fronds, even small plants are well furnished, making much more symmetrical and beautiful plants than the Boston Fern.

The plant has been awarded Gold Medals by the Massachusetts Horticultural Society, Society of American Florists and Ornamental Horticulturists, Great Kansas City Chrysanthemum Show and a Silver Medal at the New York Chrysanthemum Show.

Adiantum Bensoniana.

A most beautiful Maidenhair, with large fronds and deep green pinnæ, which, while closely overlapping, is not so dense as to make the frond appear crowded. It makes a handsome specimen plant, and is a distinct addition to our long list of *Adiantums*.

2¼ inch pots, \$1.25 per dozen; \$10.00 per 100.

Adiantum Farlyense.

A fine lot of thrifty plants. 3 inch pots, \$2.00 per dozen; \$15.00 per 100; 5 inch pots, \$7.50 per dozen.

Asplenium Nidus Avis.

The “Bird’s Nest Fern,” a fine thrifty lot of 3 inch pots, 25 cts. each; \$2.50 per dozen; \$20.00 per 100.

Asplenium Nidus Avis Multilobatum.

A distinct new variety of the Bird’s Nest Fern, with which it is identical in every way, except that the edges of the fronds are deeply lobed or toothed in irregular segments; a variety that is worthy of a place in every collection. 4 inch pots, \$1.00 each.

Alsophila Australis.

We have again this season a fine supply of this useful, quick-growing Australian Tree Fern, and offer strong

PALMS

OUR LEADING SPECIALTY

COCOS WEDDELIANA.

Special.—Our measurements of plants, where given, as in the case of Palms, etc., etc., mean the height of the plant from the **top of the pot to the top of the plant in its natural position**, and not from the bottom of the pot to the tip of the longest leaf, as some growers do in making their offers.

Acanthophoenix Crinita.

An interesting Palm with feathered foliage, which is of a dark green above and silvery below, the stems and trunk being thickly covered with short brown spines and bristles. Good thrifty plants in 3½-inch pots, 12 inches high, \$1.25 each.

Calamus Intermedius.

A tropical species delighting in a high moist atmosphere, finely feathered, dark green foliage.

3-inch pots, 15 inches high, 50 cents each.

Cocos Flexuosus.

A tall slender-growing plant with finely divided pinnæ much in the style of Cocos Plumosus, especially valuable for such sections of the country as Louisiana and California, where it may be grown planted out in the open air.

We offer a limited number of 9-inch pots, 7 to 8 feet high, with 3 to 4 leaves, at \$7.50 each.

Cocos Detail.

Similar in general habit to *Cocos Flexuosus*, but with longer drooping pinnæ. 9-inch tubs, 8 feet high, \$10.00 each.

Cocos Plumosus.

2¼-inch pots, \$1.25 per dozen; \$10.00 per 100.

LATANIA BORBONICA.

THE NEW GOLDEN PANDANUS.

(*Pandanus Sanderi*)

Never have we taken such pleasure in offering a new plant as we do in presenting this Golden Pandanus, without doubt the most important addition in many years to the comparatively small list of really first-class decorative plants, and one that must become valuable, not only in all decorations, but as a plant for the conservatory, the window garden—in fact, for any position where a decorative plant is required, it giving a richness, life and glow of color which cannot be secured with any other subject, and its introduction has been looked forward to, not alone in this country, but in Europe, the plant being well known on both sides of the Atlantic, it having been exhibited at many of the principal horticultural exhibitions in Europe and America during the past six years, **and at all of which it was awarded the highest honors**, and was enthusiastically described by the horticultural press.

In general habit of growth it closely resembles *P. Veitchi*, excepting that its leaves are longer and more recurved, which gives the plant a more graceful appearance; but the main distinctive feature is its coloring, which, instead of being white, as in *P.*

Veitchi, is a rich golden-yellow, while the heart of the plant presents a bronzy-orange coloring, which is brightest in the centre, gradually diminishing towards the tips of the leaves. The longitudinal striping of the foliage shows much the same character as *P. Veitchi*, being generally, in alternate broader and narrower stripes of gold and green, while in some leaves one half is green and the other half gold. A strong feature in favor of the new variety is that the variegations in the foliage become stronger and more pronounced as they grow older, while in *P. Veitchi* the older leaves usually lose the variegation entirely.

The plant was discovered by a collector in one of the South Pacific Islands, where he had been sent by Messrs. Sander & Co., of England, for the purpose of collecting rare Orchids and other tropical plants, and who, with considerable difficulty, succeeded in sending the plant to England, where it was carefully nursed and propagated until the spring of 1901, when we succeeded in buying the entire stock, which then consisted of nearly one thousand plants, at a price far in excess of any ever before paid for a decorative plant of any kind. We have been very successful in propagating it, which enables us to offer it for delivery the coming autumn at prices which are remarkably low for such a grand novelty.

Orders will be booked and filled in strict rotation, Autumn, 1903, at the following prices:

Celery Plants— We grow these in enormous quantities, and can supply them from the middle of June till August.

Golden Self-Blanching. An early, beautiful, and in every way desirable sort, requiring but little labor to blanch. The heart is a rich golden yellow, with light yellowish-green outer leaves.

Winter Queen. This variety was first introduced several years ago, and has proved a valuable sort, particularly on account of its excellent winter-keeping qualities. It grows a very thick, solid and heavy stalk, and has a large heart. It is a close, compact grower, and when blanched is a creamy white color.

Golden Half-Dwarf. The best of the half dwarf varieties, stalks large and full; the heart is golden yellow, turning to a light color when blanched. Very solid, rich flavor and good keeper.

Perfection Heartwell. This is one of the very best varieties in cultivation; stalks long and thick, very compact, crisp, and of fine flavor.

Price, any of the above Celery, 30c. per 100; \$2.50 per 1000.

White Plume. We offer a choice strain of this valuable and popular variety. The White Plume is unsurpassed for fall and early winter use, requiring very little earthing up to blanch it. (See cut).

Dreer's Monarch. A decided acquisition, producing large stalks and magnificent bright golden-yellow heart. The stalks are very solid, brittle, and of most delicious flavor, and when properly grown it is entirely free from stringiness. It is very desirable, both for home use and for market, as it is a remarkably good keeper, and when bunched presents a handsome appearance.

Cabbage.

Dreer's Selected Late Flat Dutch. Short stem and large, solid, flat heads. Our stock has been carefully selected for several years in order to get a cabbage of this type, and we are confident no better strain is on the market.

Mammoth Rock Red. The largest and most solid of the red varieties; a sure heading, short and tender.

Perfection Drumhead Savoy. Of superior quality; the largest solid-heading Savoy, possessing the rich flavor of the Cauliflower.

Price, any of the above Cabbage, 20c. per 100; \$1.50 per 1000.

Cauliflower.

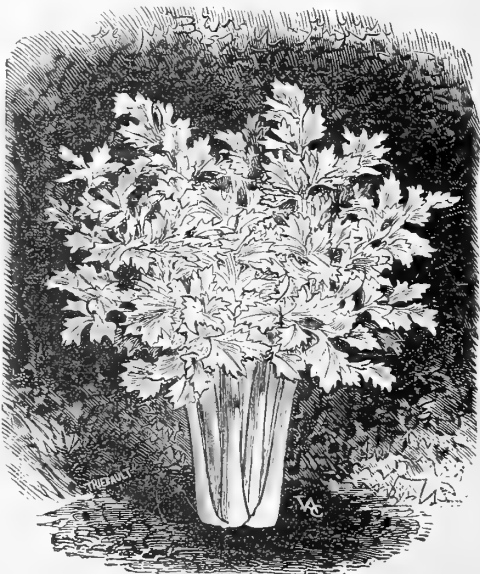

Dreer's Selected Dwarf Erfurt. One of the earliest in cultivation; small-leaved dwarf, for forcing or open ground, producing very solid, pure white heads of the finest quality.

Early Snowball. An extremely early dwarf variety, producing magnificent white heads of fine quality. Well adapted to hot-bed culture.

Price, either of the above, 60c. per 100; \$5.00 per 1000.

Brussels Sprouts.

Dreer's Select Matchless. A small-leaved variety of this notable vegetable, which, through careful selection, has been brought to perfection; grows freely during the summer, and is fully developed by the early frosts, at which time the stems are thickly set with sprouts the full length. 40c. per 100; \$3.00 per 1000.

WHITE PLUME CELERY.

DREER'S RELIABLE BULBS

On the following pages we give a list of the leading bulbs used by florists for forcing ; a complete list of all bulbs which we handle will be given in our Wholesale Price List issued September 1st. Many varieties of bulbs are reported scarce this season, including Dutch and French Hyacinths, Scarlet Tulips, Double Daffodils, etc., and much inferior stock is likely to find its way to this country. Beware of low priced stock this year, it is likely to be low grade as well. **Our stocks are coming from the most reliable growers,** and under favorable conditions should give satisfactory results. All prices include cost of bulbs, duty, packing and delivery to any freight or express line in Philadelphia.

WHITE ROMAN HYACINTH.

Selected First Size Named Hyacinths

The superiority of Named Hyacinths for forcing and bedding is attested by the increasing sales every year. They can always be depended upon to produce large, full spikes, which command a much higher price and readier sale than the inferior blooms produced by the mixed sorts. We handle only the very finest kinds in both single and double flowering, full descriptive list will be given in our next catalogue. We will furnish assorted varieties at \$6.00 per 100 ; \$58.00 per 1000.

Mixed Dutch Hyacinths (In Separate Colors)

The following are **selected unnamed sorts**, and are used largely for forcing and bedding. They are made up of bulbs measuring 15 centimeters and over in circumference—better in every way than the usual run of Hyacinths sold in mixture, which rarely run over 12 centimeters in circumference.

Dutch Roman Hyacinths

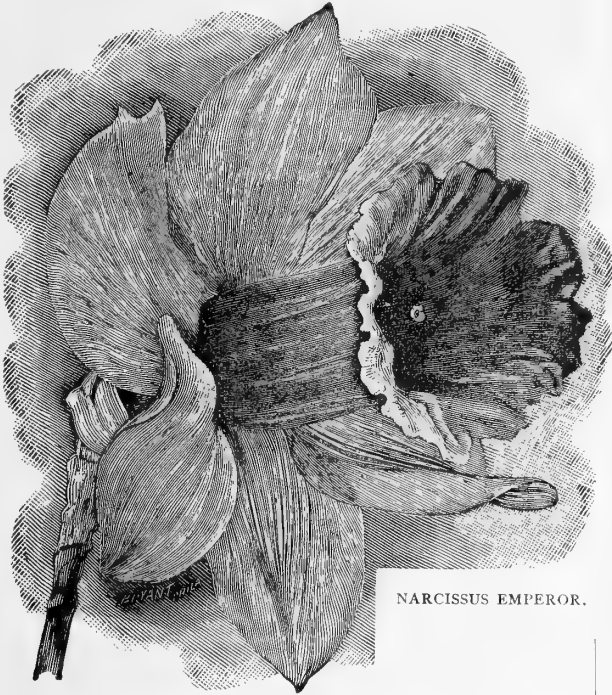

Excellent for growing in pots, pans, or boxes ; flowering later than the French Romans. We offer a selection of the 12 best-named varieties for forcing, including Gertrude, Gigantea, La Grandesse, Czar Peter, etc. The bulbs measure 12 centimeters and over in circumference, and must not be confounded with smaller unnamed miniatures. \$2.25 per 100 ; \$20.00 per 1000.

Second Size Named Hyacinths

These are smaller than our selected first size bulbs, but are fine flowering stock, and largely used for forcing in pots, etc., also for bedding ; better in every way than mixtures. We carry 20 of the very finest varieties in stock, such as Chas. Dickens, Gertrude and Roi des Belges in reds and pinks ; La Grandesse, L'Innocence and Mme. van der Hoop in whites ; Grand Maitre, King of the Blues and Czar Peter in blues, etc. A full list of the varieties will be given in our September Wholesale Price List, in the meantime we will be pleased to accept orders in assorted colors at the all round price of \$4.75 per 100 ; \$45.00 per 1000.

LILIUMS

*(Easter in 1904 comes April 3rd).***Harrisii. (The Bermuda Easter Lily).**

Our stock of this important variety is grown especially for us by a most reliable grower, from selected stock, and nothing finer in quality can be had. We are advised that the stock looks healthy and strong this season, and as we have instructed our grower not to ship a single bulb before thoroughly matured, we do not anticipate that there will be, this season, any cause for complaint.

Longiflorum Multiflorum.*(Japanese Grown.)*

Our supply of these are due to arrive early in October; earlier shipments are liable to be immature. To those who grow a houseful there should be no trouble to get them in for Easter, even if planted as late as November, but to the florist who only grows a few hundreds it will be safer to depend on Harrisii.
